

5 Colleges Learning In Retirement
Council
Minutes
March 13, 1990

Bill Gibson called the meeting to order with all members present except Carl Swanson.

Plans were made ^{for meetings} in the field house at 10 next Friday - General brainstorming no longer than 15 minutes. Meet by subject areas: Fine Arts, Science, literature, History, politics and economics, Environment, Philosophy, Religion and ethics. In a second round meet by committees. Judy will bring study group proposals. We are not asking people to "teach a course". Special Events committee will distribute a questionnaire on summer possibilities.

We discussed the Institute in Springfield. Bill reviewed what he expects to cover in 20 minute panels.

Bill reported on Foundation contacts. Important to have an effect on society. Gladys reported on Villa's Foundation. They are interested in advocacy. Eleanor suggested a proposal for a needs assessment. Pat K. suggested scholarship funds and the value of diversifying membership.

Bill Leeson raised question how closely do we want to be affiliated with a tax exempt group as opposed to our own group? This may be premature in our development.

The next meeting will be March 27 at Alice Friedman's at 10:30. The meeting was adjourned.

Respectfully submitted,
Lucy McLeese, Sec.
