## PURPOSE:

Participants will learn the techniques of watercolor and produce their own watercolors, guided by the moderator and hopefully inspired by others in the class. Participants will be encouraged to follow their own leads, and choose subject matter that excites them.

## DESCRIPTION:

This will be a class on the techniques of watercolor. Participants will produce their own watercolors, guided by me, and hopefully inspired as well by others in the class. I will do demonstrations from time to time to show different techniques. Participants will be encouraged to follow their own leads, and choose subject matter that excites them.

This will be a class primarily on watercolor technique, and I will urge everyone to be bold, trust in the serendipitous, and keep it fun. A list of supplies will be provided, and everyone should be aware that the expense can be considerable. Although my own work is quite realistic, if your desire is to paint like John Marin, I will help guide you in that direction as well. Watercolor painting has an undeserved reputation of being unforgiving and difficult. It does have limitations, but overall, the medium is a joy to work in, very rewarding, and one can correct mistakes!

## ROLE OF PARTICIPANTS:

Participants will fully participate in the Workshop, by painting.  
All Participants will be expected to provide their own materials.

## ABOUT THE MODERATORS:

Turi has been painting watercolors since she was a student in art school. For many years, while living in NYC, she did children's book illustration, but for the past 20 years she has been painting exclusively for galleries. Her work tends to be large-scale, and focuses mostly on animals and florals. She is currently with Michelson Gallery in Northampton. Over the years she has taught watercolor workshops for the beginning and advanced student.
